

## Submitting Video Evidence in Online Filing (OLF)

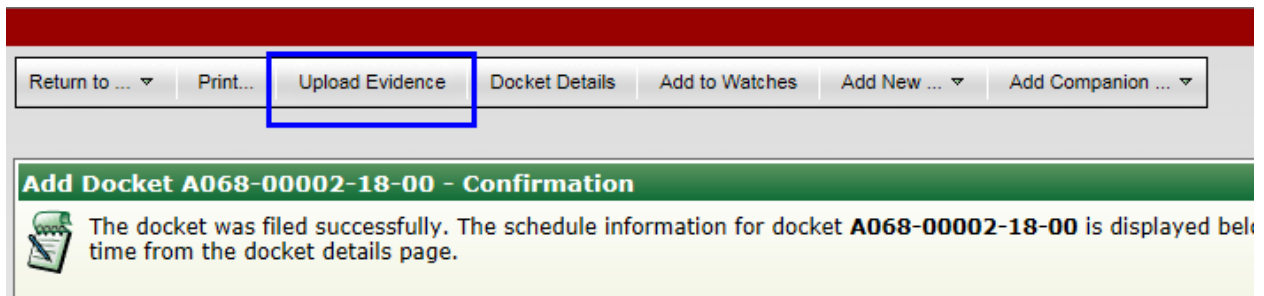

1. Select “Video Evidence” from the *Available Evidence Type* list and move it to the *Selected Evidence Item* list.

The screenshot shows the OLF interface with the following elements:

- Available Evidence Types:** A list of evidence types with checkboxes. 'Video Evidence' is checked and highlighted with a blue box.
- Selected Evidence Items:** A list of items that have been moved to the selected list, including 'Estimate', 'Proof of Payment', and 'Police Report'.
- Navigation:** A blue box highlights the 'Video Evidence' checkbox, and a green arrow points from it towards the 'Selected Evidence Items' list, indicating the move action.

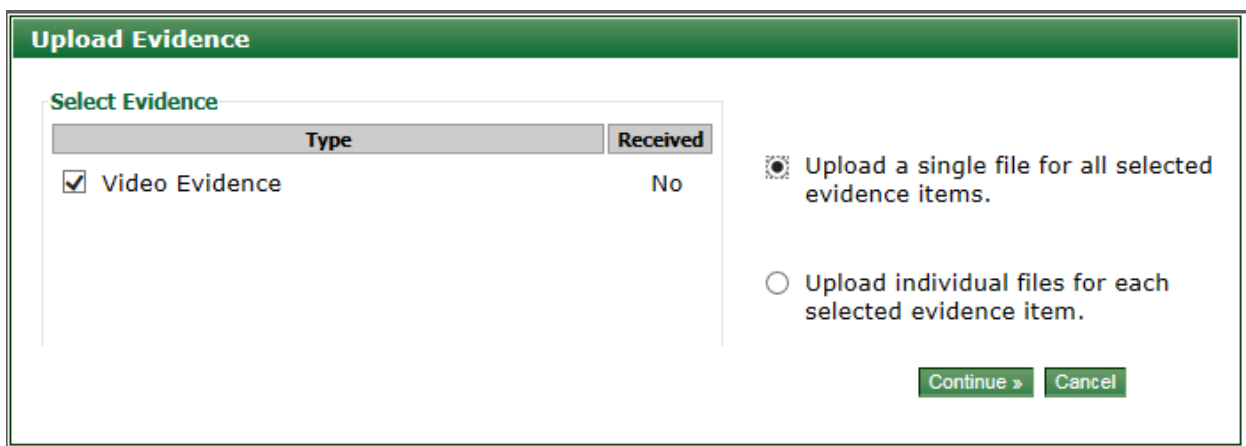

2. Complete the process to submit the filing/response, and then select **Upload Evidence**.

The screenshot shows the OLF interface with the following elements:

- Navigation:** A blue box highlights the 'Upload Evidence' button.
- Confirmation:** A green banner reads 'Add Docket A068-00002-18-00 - Confirmation'. Below it, a message states: 'The docket was filed successfully. The schedule information for docket A068-00002-18-00 is displayed below time from the docket details page.'

3. Select “Video Evidence” on the *Upload Evidence* display. (Here, we only listed Video Evidence. Your filing/response may have additional evidence types listed. If additional evidence types are listed and selected, indicate whether you will upload a single file that contains all the selected evidence types or individual files for each selected item.)

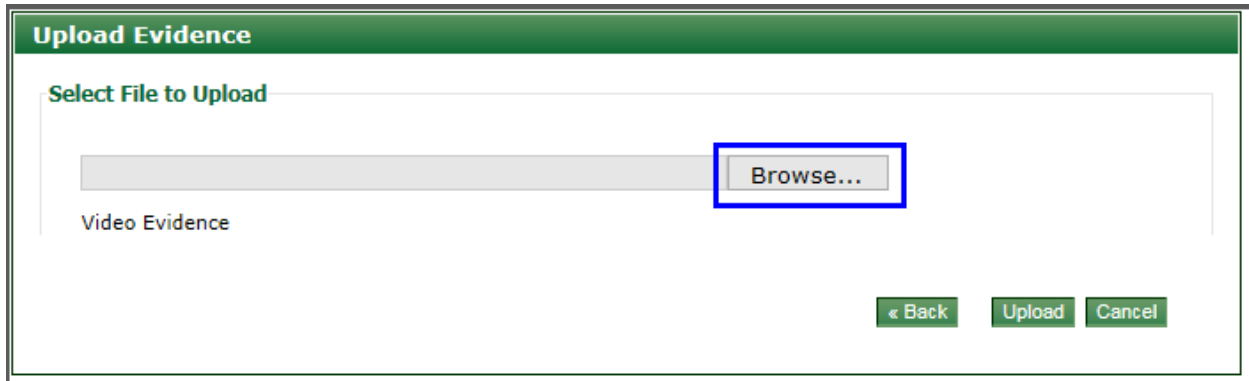

The screenshot shows the 'Upload Evidence' display with the following elements:

- Select Evidence Table:**

Type	Received
<input checked="" type="checkbox"/> Video Evidence	No
- Upload Options:**
  - Upload a single file for all selected evidence items.
  - Upload individual files for each selected evidence item.
- Buttons:** 'Continue' and 'Cancel' buttons are located at the bottom right.

4. Select **Browse** to access the file repository where your evidence files are stored, and then select **Upload**.
