

Submitting Video Evidence in Online Filing (OLF)

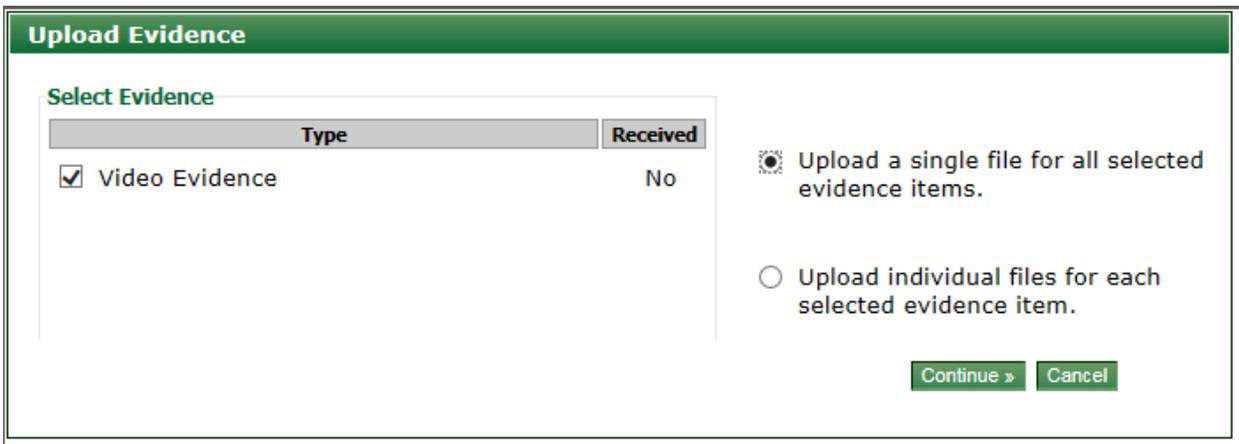

1. Select “Video Evidence” from the *Available Evidence Type* list and move it to the *Selected Evidence Item* list.

2. Complete the process to submit the filing/response, and then select **Upload Evidence**.

3. Select “Video Evidence” on the *Upload Evidence* display. (Here, we only listed Video Evidence. Your filing/response may have additional evidence types listed. If additional evidence types are listed and selected, indicate whether you will upload a single file that contains all the selected evidence types or individual files for each selected item.)

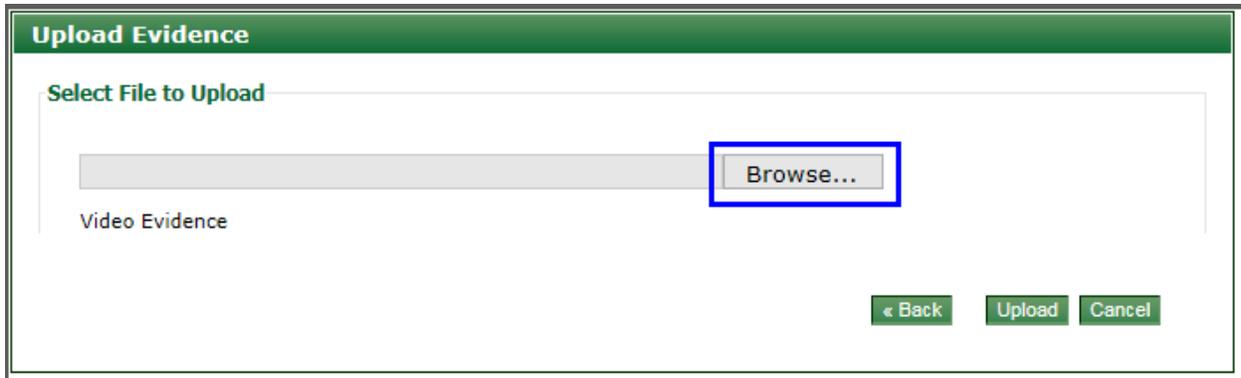

Type	Received
<input checked="" type="checkbox"/> Video Evidence	No

Upload a single file for all selected evidence items.
 Upload individual files for each selected evidence item.

Continue > Cancel

4. Select **Browse** to access the file repository where your evidence files are stored, and then select **Upload**.
